

FPS

Welcome to a little place we like to call FPA Brand Guidelines.

Please keep your hands within the document at all time as we guide you through the basic elements of our identity system and explain how we use them to build our brand. Understanding and adhering to these guidelines will be essential for maintaining a consistent, unforgettable and meaningful experience of FPA.

歡迎來到這個 我們稱之為 「品牌識別規範」 的所在。

在使用我們的品牌素材前，您可以透過本文件了解識別系統的基礎要素、並理解如何運用這些構築品牌的要素。品牌識別系統體現了我們的理念、態度、文化以及風格。若能確實理解並遵循這些指引，將有助於維持 FPA 產出穩定、一致、難以忘懷且富含意義的品牌體驗。

O1 Introduction 關於品牌

What is FPA?

FPA 是什麼？

FPA: Floating Point Art
is a creative studio, using design, art and technology to tell the innovation stories. Telling stories through visuals. Navigating the edges of time. Exploring the essence of creativity across media and global trends.

We build with clarity. We move with curiosity. We connect with meaning.

FPA: Floating Point Art
是一個創意團隊，以設計、藝術、科技為手段，透過新穎的媒材述說不同的故事。我們擅於透過動態視覺，揉合多元的風格與技術，持續挖掘開發各種美學的況味，並不斷與個領域跨界合作且突破創新。

**我們以清晰構築。我們以好奇前行。
我們以意義連結一切。**

FORM

Make it clear. Make it matter.

We start from structure, shaping clarity, rhythm, and logic into visible form. Every project begins with meaning.

讓形式清晰，讓形式有意義。

我們從結構出發，
將清晰、節奏與邏輯塑形成可見的樣貌。
每一個專案，都從「意義」開始。

PLAY

Stay curious. Stay in motion.

We explore, remix, and experiment, treating creation as play, not rule. Play keeps things alive.

保持好奇，保持動態。

我們探索、重混、實驗、玩弄，
把創作視為遊戲，而不是規則。
唯有好玩，才能讓一切有趣。

ASSEMBLE

Connect what feels different.

We bring people, ideas, and technologies together, to build experiences that move and resonate.

連結一切看似無關的事物。

我們把人、想法與科技聚集在一起，
打造能觸動、能共鳴的體驗。

The purpose of guideline
is not to make everything
look the same,
but to make everything
distinctly FPA.

品牌規範的目的，
不是為了讓我們每次都長一樣，
而是確保每一次呈現都很**FPA**。

02 LOGO 品牌標誌

Logo
標誌

The FPA logotype draws from the 0 and 1 symbols used in floating-point computation, establishing them as the core building elements of our visual identity. With its circular exterior and squared interior forms, the logotype conveys a sense of sharpness, simplicity, solidity, and precision.

Extending from these numeric forms, the letter constructions follow a horizontally grounded and rational typographic structure. Each stroke and component maintains a streamlined geometric appearance, ensuring both reader-friendly legibility and a high degree of modular flexibility for geometric composition.

FPA 的標誌取材自浮點運算中的 0、1 符號，作為視覺系統的基本構成。以外圓內方的數字造型為核心，我們的標誌呈現出俐落、簡約、厚實且精準的質地。透過數字延伸出的文字設計，在橫向穩定且理性的字體結構之上，各筆畫與部件保持精煉的幾何輪廓，使其兼具易讀性與高度能動性，並可靈活組構多樣的幾何形式。

Versions

不同版本，不同用途

1 - Icon “A”

Our simplified, iconic mark uses the most essential element within FPA: the A (ART). It serves as the fundamental unit of our identity system and is the component most deeply aligned with the core of our aesthetic philosophy. This icon will be the primary element appearing across a wide range of brand applications.

2 - Wordmark “FPA”

Our customized FPA wordmark is used when the full brand name needs to be displayed. The three letters must remain fixed in spacing and order, and the letters “F” and “p” may not be used independently.

第一種：圖標A

這是我們簡約且具有指標性的核心標誌，以 FPA 當中最關鍵的 A（ART） 作為識別的基本單位。此圖標將成為品牌在各類載體中最重要且最具代表性的元素，也是最貼近我們美學精神核心的形狀。

第二種：文字標誌 FPA

此標誌以客製化的 FPA 字樣呈現，用於需要完整呈現品牌名稱的場合。三個字母的結構與間距皆須保持固定，不可任意調整次序或比例，亦不可單獨使用「F」與「P」兩個字母。

1 - The Icon

2 - The Wordmark

Minimum Sizes

慎小事微

To ensure the logo remains legible at all times it should not be reduced below its minimum size.

在極小尺寸使用時，為了確保易讀性，請酌使用不同版本的標誌檔案，並確保不要小於右方標示的尺寸。

The Icon: Minimal sizes

Print: 10mm
Digital: 30px

Wordmark Lockup: Minimal sizes

Print: 20mm
Digital: 60px

Clear Space

尊重邊界感

To prevent other visual elements from interfering with the logo’s clarity, a minimum amount of clear space must be maintained around it. No graphic elements, layout edges, or page corners should encroach upon this area, ensuring the logo remains legible and distinct. The minimum clear space is defined by the width of the A icon.

認識一個標誌，就像認識一位新朋友。
我們可以靠近它，但也要尊重它，保持一定友善的邊界感。
請容許我們給它一片私人空間。為避免其他視覺元素干擾標誌的辨識性，標誌周圍必須保留一定的留白空間。任何圖形元素、版面的邊界，或頁面的邊角，皆需確保此區域淨空，以達到標誌清晰可辨。此留白的最小範圍以 A 圖標的寬度作為基準。

Endorsement

粗中有細

In certain extreme applications, the wordmark may need to be placed in unusually constrained conditions, such as ultra-narrow layouts, positions that sit very close to the edge of a page, or extremely large-scale wall installations. In these scenarios, the wordmark is no longer bound by the standard clear-space rules. Its size and placement instead depend on the physical boundaries of the format and the viewer’s likely distance.

We provide two reference approaches.

在某些極端的使用情境中，文字標誌可能需要被放置在非常狹窄的版面、極貼近頁面邊緣的位置，或是在超大型輸出牆面上呈現。在這些情況下，標誌將不再受一般淨空規範限制，而是取決於實際邊界條件與觀看距離。

我們提供兩種參考情境。

A - Essential Minimalism

Used in contexts with limited legibility or minimal visual structure, or when the mark must be recognized from a distance—for example, low-resolution displays, plywood printing, complex environments, street posters, or when intentionally blurred, deconstructed, or filtered. In these cases, the wordmark may sit close to the edge and be placed over busy patterns to maintain visibility.

B - Edge Aesthetics

At the corners of printed or large-format outputs, the wordmark’s stable, geometric structure makes it well-suited for edge-aligned placement. In these situations, the mark may sit extremely close to the boundary, creating a deliberate and impactful visual tension.

A - 大道至簡

用於極度簡化、可讀性受限的載體上，或需從遠距離辨識的應用。例如：低解析度顯示面板、合板印刷、複雜環境、街頭海報等，或在影像中刻意以模糊、解構、濾鏡等特效呈現標誌。在此類情境中，為提升曝光與辨識度，標誌可貼近邊緣、並在複雜圖案上方使用。

B - 貼邊美學

在輸出物或印刷版面的角落位置，標誌方正穩定的造型適合以擦邊方式呈現。因此，在特定情境下，標誌可非常接近頁面邊界，以創造更具張力的視覺效果。

Endorsement

粗中有細

In certain extreme applications, the wordmark may need to be placed in unusually constrained conditions, such as ultra-narrow layouts, positions that sit very close to the edge of a page, or extremely large-scale wall installations. In these scenarios, the wordmark is no longer bound by the standard clear-space rules. Its size and placement instead depend on the physical boundaries of the format and the viewer's likely distance.

03 Color 品牌色彩

Neutral Palette
中性調色

Print The FPA color palette emphasizes the use of white and light grey tones to create a bright and airy atmosphere. Black is used primarily as accent for text and graphics, but can also be used as a background color. Paired with this neutral base palette are vibrant colors, unique to each project or event (exampled in the following pages).

FPA 的色彩系統以白色與淺灰為主，營造明亮、通透的視覺氛圍。黑色則主要用於文字與圖形的強調元素，但在必要時也可作為背景色使用。在這組中性的基礎調色之外，品牌會依據不同品項或活動搭配各自專屬的鮮明色彩，見下頁。

Applying Color
組合色

The chart on the right illustrates the approximate proportion of each color used in the FPA identity. In this version of the FPA system, accent colors are introduced to bring brightness and saturation into the visual language. A gradient-based accent palette has been developed to support consistent color creation across applications.

The color wheel includes four categories: Arithmetic Blue, Brights, Tints, and Bright Tints. In practice, the neutral palette remains the foundation. White and black carry most of the visual weight, while accent colors are used for emphasis—appearing in backgrounds, or as contrasting highlights.

右側的圓餅圖顯示了各色彩在 FPA 品牌識別中大致應佔的比例。本次視覺計畫中，我們加入了「襯托色」的角色。襯托色的導入，為品牌語彙增添明亮而飽和的能量。我們建立了一組漸層襯托色票，用以協助色彩的統一運用，由四個分類組成：演算藍（Arithmetic Blue）、亮色（Brights）、淡化（Tints）、以及極亮淡化（Bright Tints），共四階級距。

在實際使用上，品牌仍應以中性色調為主要基底。白與黑將負責大部分的視覺呈現，而襯托色則應用於需要強化存在感或視覺重點的醒目處，並可作為產品渲染、攝影、影像背景，或其他跳色搭配的元素。

O4 Typography 品牌字體

Brand Typface
一字千金

Field Gothic from Adobe is the FPA brand typeface. It is a versatile sans serif that is used for all FPA branded communications. No other typeface should ever be used in its place.

For body copy, choose Field Gothic No.71 (Wide Light). For Heading, choose Field Gothic No.73 (Med Wide)

Field Gothic (Adobe 字體) 為 FPA 的品牌字體。 這款多功能的無襯線字體用於所有 FPA 的品牌溝通中，且為第一首選的主要字體，請盡可能不以其他字體替代。 內文請使用 Field Gothic No.71 (Wide Light)。 標題請使用 Field Gothic No.73 (Med Wide)。

Expressive Typefaces
與眾不同

In situations where headlines require stronger expressive impact, we provide two additional typefaces: FPA Text and FPA Funk. Choose between them based on layout needs, scale, or headline length.

FPA Text is ideal for short, bold, formal messages or wider layouts.
FPA Funk is better suited for playful, geometric, stylized, or narrow, elongated headlines.

Please note that these two typefaces must not be used together within the same layout.

在需要更強表現力的標題情境中（如專案作品中特別醒目的文字、強調世界觀的介面、分別其他品牌的差異、純粹好玩的風格）我們額外提供兩款可選字體：FPA Text 與 FPA Display。可依版面需求、尺寸比例或標題長度來決定使用哪一款。

Text 字數少、斗大、資訊正式、寬型的版面；
Display 則更適用於玩樂性、幾何、風格化、窄長的標題。

另請注意，這兩款字體不得同時混用在同一版面中。

FPA Text

Setting Brand Types

隔行如隔山

For our brand typefaces, we provide a recommended letter-spacing guideline.

FPA typefaces are designed with very tight spacing. To determine proper spacing, use the internal counter—the white space inside any letter—as your reference, and take its height h as the measurement unit.

When the space between two letters falls between $1h$ and $1.25h$, the typeface achieves its ideal visual expression.

For letters with curved forms (such as o, a, b, d, etc.), optical compensation may be applied, allowing the spacing to be tightened to around $0.75h$ for the most compact and visually balanced result.

針對我們的品牌字體，我們有一套建議的排版字距，可參考右方圖示，當正確使用字體時，即可發揮字體風格的最大優勢。FPA 字體的字距非常緊湊，可抓取任一文字內的留白字腔（字母內的空白區域）的高度 h 作為依據；

當兩個字母的字間距，約等於 $1h\sim1.25h$ 時，品牌字體的風格將會呈現最完美的狀態；若有些字母造型圓弧（如 o, a, b, d...），依視覺補差，可讓字距落在 0.75 個 h 寬度，為最緊湊調整距離。

FPA Text

FPA Display

Serif Alternative

文采斐然

In the rare headline situations that require typographic pairing—such as footnotes in project showcases, small labels on the website, or contexts that call for a more classical tone—we provide one additional Adobe-designed typeface: Instrument Serif Regular and Instrument Serif Italic. Choose between them based on layout needs, scale, or headline length.

Regular is suited for titles, formal messaging, and sharper layouts. Italic works better for supporting text, more conversational tones, or fluid, expressive headings.

在需要組合的少數標題情境中（如專案作品中的註腳字、網站的小標籤、某些古典風格的情境）我們額外提供一款由 Adobe 所設計的可選字體：Instrument Serif Regular 及 Italic。可依版面需求、尺寸比例或標題長度來決定使用哪一款。

Regular 適合標題用、正式感、銳利的版面；
Italic 則更適用於補充用、口語化、流動的標題。

05 Motion 品牌動態

Geometry Matters

方與圓

The dynamic identity of FPA emerges naturally from the simplified contours of its icon. Built from two core shapes—the rounded exterior chamfered circle and the strictly vertical-and-horizontal square—these forms define the character of the mark and extend into the style of every stroke within the system.

From this foundation, we developed two motion systems: Rounded Dynamics and Rectangular Dynamics.

FPA 的動態識別系統源自其 Icon 的簡約輪廓語彙。標誌以兩種核心造型構成：外輪廓帶圓角的圓形與由絕對水平與垂直線條構成的方形。這兩項基本形狀不僅界定了標誌本身的特性，也延伸至所有筆畫與構件的視覺風格之中。

在此基礎上，我們建立了兩套動態系統：圓角動態 (Rounded Dynamics) 與矩形動態 (Rectangular Dynamics)。

Rounded Dynamics

圓型動態

Rounded Dynamics offer greater flexibility, allowing for extension, scaling, merging, and separation while maintaining their rounded characteristics.

Within the identity system, this motion style aligns more closely with physical-world behaviour, expressing elasticity, fluidity, and vitality. It interacts seamlessly with rounded objects and forms.

圓形動態具備更高的靈活性，可在保持圓角特徵的前提下進行延展、縮放、融合與分解。

此動態語彙在整體識別中更貼近物理世界，呈現出彈性、流動性與生命力，能與各類圓潤元素建立自然的互動關係。

Rectangular Dynamics

方型動態

Rectangular Dynamics embody a more rational and digital character, built upon strict vertical and horizontal geometry that defines a precise and squared motion vocabulary. These forms can extend, stretch, break, and reassemble, creating a modular, building-block-like behaviour.

This system introduces a strong sense of order and structural clarity, representing the most engineered aspect of the brand’s motion identity.

矩形動態展現更為理性與數位化的視覺特質，以絕對的水平與垂直結構為基礎，形成清晰而方正的動態語言。

其行為模式可進行延展、拉伸、截斷與組合，呈現如積木般的模組化質感。此系統在各類應用中提供高度的秩序感與精準度，是品牌識別中最具結構性的動態形式。

Dynamics Example

動態方向

Rounded Dynamics offer greater flexibility, allowing for extension, scaling, merging, and separation while maintaining their rounded characteristics.

Rectangular Dynamics embody a more rational and digital character, built upon strict vertical and horizontal geometry that defines a precise and squared motion vocabulary. These forms can extend, stretch, break, and reassemble, creating a modular, building-block-like behaviour.

圓形動態具備更高的靈活性，可在保持圓角特徵的前提下進行延展、縮放、融合與分解。

矩形動態展現更為理性與數位化的視覺特質，以絕對的水平與垂直結構為基礎，形成清晰而方正的動態語言。

Recommended Motion Styles
建議的動態表演方式

Misuses
動不如靜

While the FPA identity allows for a wide range of motion expressions, all animations must remain grounded in our core principles of digital precision, design intent, and structural clarity. In practice, certain motion treatments may unintentionally dilute or distort the integrity of the brand.

Please avoid applying any animation that produces these effects.

雖然 FPA 的品牌識別擁有高度的動態表現潛力，但所有動態的展現皆必須建立在「數位感、高設計度與精準性」的前提之上。在實際製作中，動態效果若運用不當，可能會削弱，甚至破壞原有的品牌識別特質。

以下列出了動態中常見的誤用情況，請務必避免於任何動畫中呈現這類效果。

Squashing or Stretching the Circle
以變形方式壓縮、拉扯或扭曲圓形

Bouncy or Motion Blur
避免使用具彈跳感或模糊的動態

Rotating During Extension
形狀在延展過程中旋轉

Morphing Between Circular and Rectangular
形狀在圓形與方形之間漸變

Motion Blur
使用動態模糊

Cutting or Fragmenting the Circle
將圓形進行結構性的切割

Curved Motion Paths
弧線動態

Boolean Difference or Subtractive
差集與差異化效果

Layer Overlays or Blend
圖層疊加效果

Motion Curves

急衝緩煞

Within the FPA worldview, everything is generated rapidly and resolved with precision—and our motion behavior follows the same principle. Our motion curves begin with immediate acceleration, launching at high speed with minimal easing at the start, and conclude with an abrupt, decisive stop at the end of each action.

Given this acceleration model, avoid applying destructive effects such as collisions, dissolves, explosions, or evaporation to the logo. These treatments disrupt the structural integrity of the identity and should not be used in any motion expression.

在 FPA 的世界觀中，一切皆以「即時生成，精準落位」為核心原則；動態亦遵循此邏輯。因此，我們的速度曲線以高速啟動、快速進場為特徵，在動態的起始階段不提供過多緩衝，並在每段動作的末端以急停式煞車收束。此動態效果可使用在路徑的位移、輪廓的拉伸、旋轉的角動量。

在此加速度邏輯下，請避免在任何動態中為標誌加入回彈、碰撞、溶解、爆炸、蒸發等破壞性效果，以免削弱識別的結構完整性與品牌語彙的一致性。

Standard Value Graph
標準數值曲線

Standard Speeding Graph

06 Icons 圖標

Icon Library

圖文並茂

The FPA icon library includes individual icons across multiple categories. Each icon is designed for specific sizes and constructed to align with the visual style of our logo and typefaces, ensuring a consistent expression of the brand across all applications.

FPA 的圖示庫涵蓋多種類別的獨立圖示。所有圖示皆以特定尺寸規格設計，並與品牌的字體與標誌風格保持一致，使整體視覺語彙能在各類應用中維持高度統一性。

備 註：

本專案僅限台中勤美誠品展覽專場實體使用，不包含「圖片購買」、「文案撰寫」、「插畫」、「字型版權購買」等其他費用。，若有其他用途則需依授權範圍另行報價。

本公司保有本案著作之著作人格權，貴司如有增刪修改或編輯著作需求，應事先得本公司同意。

執行過程中，若遇與前期風格設定方向有變更；或已確認Style-frame後進入動態製作期，欲變更執行內容，我可視實際情況追加相關製作費。

貴司若欲取消或變更，請以e-mail索回，索回後即成立，效力視同合約；有另訂合約者，本報價單視為合約之一部分，若有衝突時依合約約定。

合約簽定後，我可開始製作，因發生可歸責於貴司之事由，且延遲原定時程30日以上，我可得提前解約，並依實際完成工作比例計算相關費用，並自貴司費用結清後，依比例交付完成之設計成品。

本報價有效期至 2025年6月11日，超出日期後須重新報價。

08 Notes 附註

Design is what makes us
設計至關重要

If you’ve just finish reading this brand guideline, you have our appreciation. We know applying these principles takes time and effort, but the stories we tell will be much more stronger through these designs. We believe you share the same belief in details and quality with us. We have additional resources and guidance on the entire FPA brand.

If you ever have any additional questions about our visual identity and its application, don’t hesitate to contact us.

如果你讀完了這本設計指南，我們為你至上由衷的感謝與敬意。我們完全理解，要遵守設計的規範是一件非常艱辛且惱人的任務，因為它處處都是規矩，使用需時時小心翼翼。但正是因為這些規範，我們才能夠一以貫之並精準地傳達我們的故事、精神和性格。

相信閱讀完這些視覺識別守則的你，也同 FPA 一樣堅持品質與細節，並追求精確和完善。若你有任何問題或是需要更多資源，請不吝聯繫我們，我們會十分感謝你願意提供更多設計上的建議。
